Follow-up questions from the previous reporting cycle

1. In paragraph 21 of its previous concluding observations (see CAT/C/NZL/CO/6),¹ the Committee requested New Zealand to provide further information regarding areas of particular concern identified by the Committee in paragraph 9, concerning the national preventive mechanism, paragraph 10, on the Independent Police Conduct Authority, and paragraph 15, on solitary confinement and seclusion in mental health facilities. Noting that a reply concerning the information sought by the Committee was provided on 3 June 2016 (CAT/C/NZL/CO/6/Add.1), the Committee expresses appreciation for the State party's responses on those matters and the substantive information provided. In view of that information, the Committee still considers that the recommendations included in paragraphs 10 and 15 mentioned above have not yet been implemented (see paras. 26 and 19, respectively, of the present document).

Articles 1 and 4

2. * Adopted by the Committee at its sixtieth session (18 April-12 May 2017).

¹ Unless otherwise indicated, paragraph numbers in parentheses refer to the previous concluding observations adopted by the Committee.

² See CAT/OP/NZL/1, para. 19.

4. With regard to the Committee's previous concluding observations (para. 9), and taking note of the State party's follow-up replies,⁵ please provide information on the activities and achievements of the national preventive mechanism and its entities with respect to the prevention of torture and ill-treatment during the period under review. Please also provide updated information on the material, human and budgetary resources allocated for the effective functioning of the national preventive mechanism and the five entities composing it.⁶

³ The issues raised under article 2 could also touch on issues raised under other articles of the Convention, including article 16. As stated in paragraph 3 of the Committee's general comment No. 2 (2007) on the implementation of article 2 by State parties, the obligation to prevent torture in article 2 is wide-ranging. The obligations to prevent torture and other cruel, inhuman or degrading treatment or punishment under article 16 (1) are indivisible, interdependent and interrelated. The obligation to prevent such ill-treatment in practice overlaps with and is largely congruent with the obligation to prevent torture. In practice, the definitional threshold between ill-treatment and torture is often not clear. See also chapter V of the same general comment.
